

Quality Policy Statement

Thermal Detection Limited is dedicated to a Quality Policy whose goal is to ensure that its products and services are of uniform quality and meet the requirements of its customers.

The Company believes in the concept of both the supplier and customer working together to pursue this policy in order to establish future objectives, and in continually striving for quality improvement. Therefore, the Managing Director has appointed a Management Representative with overall responsibility and authority for ensuring compliance with the requirements of ISO 9001:2015 and all other applicable standards. This responsibility has been delegated to the Operations Manager.

The Company is committed to the continual improvement of the quality management system.

Total Quality is a permanent feature of the Company's life and all personnel shall be made aware of their individual responsibility in maintaining the Quality Policy throughout all levels of manufacture.

H. E. Maloney
OPERATIONS MANAGER
